Excellence Through
Innovative Concepts...

Chairman's Message

Greetings from the Chairman,

The past years, since commencement of Technicon, were really remarkable for us that brought our company noticeable growth and very favorable developments.

In addition to the company's growth and accomplishments in our established business domains, the past years witnessed significant broadening of Technicon business base.

Sincerely reflecting the visions of its owners, directors and executive management, Technicon maintains a development policy that reflects our mission; achieving excellence and high level of efficiency in all our domains through creating high value for our customers based on the highest degree of performance and quality.

A good deal of our success is attributed to the focus, reliability and devotion by which our company conduct the activities. Our success is equally attributed to our having the required expertise, entrepreneurial skills and capabilities to respond to the challenges that we face.

We thank of our clients for their valuable support, we truly look forward to continuing our services to them for many years to come. We will always strive to maintain excellence and leadership in business domains and we pledge our dedication in the execution of our work.

Very truly yours

Hassan Mansour Fadhal Al Buainain
Chairman
